The local papers had all the telegraphic news of the world up to 6 o'clock Friday morning. Another paper had telegraphic matter that closed at 12 o'clock Wednesday night. The Express is the only Maysville paper that can be depended upon for prompt and reliable telegraphic news, as it has the exclusive right to the use in this city of the Kellogg service. No other paper can get without THE LEDGER's consent; but certain circumstances have prevented any likelihood of a courtesy that would have been free if granted under proper conditions.

WILL THE PEOPLE SUBMIT?

Following are the net results of the Infamous Gobell Election Commission:

Democrats absolutely control the election system in every county in Kentucky. In 10 counties there are two Democratic and one Republican Election Commissioner; in 13 other counties there are two Democrats and one Popular Commissioner; and in the remaining 13 counties we have only Democratic Boards.

Republicans are in a helpless minority of one against two in 16 counties, and in 12 others they are numerically weakly represented on the Board; those that are masters of the election machinery, pass upon all election contests and force their will upon the democratic districts.

The Republican organizations were not permitted to select the few Republicans appointed, and it is a notorious fact that the so-called Popular Commissions are masters of the election machinery, pass upon all election contests and force their will upon the democratic districts.

The main object of the plot was put out by James Parsons who was elected a member of the State Election Commission. He is the master of the plot to cover up the Gobell conspiracy is revealed in all its hideousness.

Has the Republican party been such an enemy to the state and nation as to justify these outrages against law and decency to drive us to keep it from power?

Is the supremacy of WILLIAM GOBELL and his high-handed followers so important to the welfare of Kentucky as to warrant this unexampled rape of the ballot?

Will the people submit?

There isn't a one-horse country town anywhere that would permit such a disgrace as that "business house" just East of the handsome new Opera House. It remains to be seen whether the City Council will permit it to remain there, a menace to the new building.

The old Opera house was burned by reason of the fact that the City Council permitted owners of adjoining property to extend a firetrap up to within four feet of the stage. There is well-grounded belief that if the case was pushed the city could be made to pay every dollar of the loss demanded by the Firemen. Now that generous citizens have aided the Firemen to erect a handsome new building it also is threatened from the same source. Will the gentlemen of the City Council permit it?

The Fifty-sixth Congress of the United States, says the Times Star, will be an important factor in shaping the destiny of the United States. The life of the Fifty-fifth Congress does not expire until March 4th, 1899. It is the same Congress that gave us the Spanish-American War without honor, and Washington without honor.

The Next Congress will be an important factor in the voice—"ain't she a beauty?" said Mrs. Jenkins to her husband. "I don't what's what!" replied Jenkins. "Honesty's boy" was run over and received internal injuries.

"Internal, you mean."

"Internal," replied Mrs. Jenkins, "and there was a ring around his voice—ain't she a beauty?"

He's a thief," said Mrs. Jenkins—and there was a ring around his voice—ain't she a beauty?"

political complexion of government has been varied for no other reason than that the people wanted a change, no one can say. There is no other danger than that the popular party has lost the approaching election. The unavoidable something that alters election results in off years, the caprice of the American people, may prevent a brilliant and sweeping Republican victory.

The party in power should not meet with a reverse this off year. It is of the utmost importance to the country that the President should have the full and earnest support of Congress in the arduous problems which confront him. He will accomplish this in the next two years. Every man should give this subject the thought and study it deserves so that intelligence will triumph over president.

The Senate is fairly secure to the Republicans. There are at present forty-five members who are in political harmony with the President. Eleven of these are to be retired and successors chosen. Three have already been selected, Ohio, Maryland and Oregon. The Republicans are to be safe in the Senate. One, Clark of Wyoming, is lost to the Republicans. It is confidently believed that Maine, Connecticut, Massachusetts, Michigan, Minnesota, Pennsylvania, Rhode Island, Vermont and Wisconsin will all send Republicans to the Senate. This will give the Republicans 49 votes of the entire 90 in the Senate, a slender majority it is true, but there is hope of more to swell the list. The prospects of Republican Legislatures being elected in New Jersey, Indiana, New York, Illinois, Michigan, Wisconsin, Iowa, Minnesota, Missouri, Kansas, Nebraska, Colorado, Oregon, Washington, and California are excellent. The Republicans in these states insure Republicans to be sent to the United States Senate.

With a Senate and President Republican it is for the good of the country that the House of Representatives should also have a majority of Republicans. The questions that are to come up for settlement are the tariff, the currency and the Sherman Law. The Texas cyclone to interrupt and obstruct proceedings, there will be a consideration that will measure its volume by the number of votes he has to back him.

In this broad and sensible view of the situation, it is imperative that every Republican do his whole duty; and to that end T. LEINER urges upon the voters of the Ninth District the importance of voting for Mr. PUGH, who is the representative of Republican principles in the coming contest.

HER ANSWER.

Chicago Post.

I have a long time in the far corner of the conservatory with Mr. Willing last evening," suggested the mother. "What was wrong?"

"Do you remember the occasion on which you became engaged to papa?" inquired the daughter, way of reply.

"Then it ought not to be necessary for you to ask any questions."

To the query the news was broken that they were to have a son-in-law.

LETTER FROM PONCE.

Mason County Boy Writes to His Friends Through The Ledger.

DETAILS OF MARCH AND CAMP.

This LEADER has received the following letter from George T. White, a member of Company K, First Kentucky, now at Ponce, Puerto Rico:

The writer is a son of Mr. L. C. White of Mason, with many friends in a city.

CAMP JAMES H. WILSON, P.R., Oct. 18, 1863.—

Mr. Thomas A. Davis, Mayfield, Ky.—Dear Sir:—I am now in the service of the United States in Puerto Rico. We went on board the Hudson at New York, Aug. 1st, and arrived at San Juan, Aug. 10th. We had been sent out the ninth day and it was pretty rough. We reached Ponce, Puerto Rico, on Aug. 12th. We got orders to sail around on the other side of the island, so we did.

The Eleventh United States Regulars had a skirmish with the Spaniards on Aug. 13th, seven men and had four wounded. They had driven them in town and as soon as we came up they were all captured.

We had no trouble in landing and were greeted by the Spaniards as if we were natives. We said them if the Spaniards were in town and they said that they left just as we came up. We took our horses and bairacks and there we found about 1,200 Spanish.

The Regulars captured about eighty soldiers and took them to Ponce. They brought them to Mayfield as prisoners. We stayed there about two weeks. Thirty of us came up to the front and were made an opponent to ex-Senator Blackburn for the seat of United States Senator.

Lindsay, he declared he is not a candidate. Capt. Eliot says that while he would like to go to the front, he does not care to oppose ex-Senator Black-

Lowville Tobacco. LOUISVILLE, Ky., Oct. 15.—The sales of tobacco Friday morning were small and without special feature. All the offerings were rejected except 15¢, which were taken up by the tobacco companies. The tobacco was sold in large packages, all dark leaf, of the new crop from Warren county. They were not in the best condition, but fair prices were received for them.

Struck by a Racer. HENDERSON, Ky., Oct. 15.—At the first Friday night race, John Doran, of the sixth platoon, was struck when crossing the race track by Annie Blackburn, a racer at full speed. He was knocked senseless, and is in a dangerous condition. The mare fell and broke her neck.

The Reward Offered for Edward Clark. FRANKFORT, Ky., Oct. 15.—Officials here are of the opinion that the Owensboro officers can not collect the reward offered by the state for the apprehension of Howard Clark, who was killed at Rockport, Ind., a few days ago.

We are desirous to move to San Juan before long and perhaps we will get some time to do so as soon as my Mayfield is released.

One Company went out in the interior of the island and captured the rebels, killed two natives and saboed one to death, mistaking them for Spaniards. One of the natives was a boy.

The Kidneys

are the seat or the starting point of many maladies, all of them serious, all more or less painful, and all of them tending, unless cured to a fatal end. No organ of the body are more delicate or more sensitive than the kidneys. When symptoms of disease appear in them not a moment is to be lost if health is to be restored. The best way to treat the kidneys is through the blood, cleansing it from the poisonous matter which is usually at the bottom of kidney complaints. For this purpose there is no remedy equal to

Ayer's Sarsaparilla

"For many years I have been a constant sufferer from kidney trouble, and have tried a number of highly advertised kidney cures without benefit. At last a friend recommended Ayer's Sarsaparilla. The use of eight bottles of this remedy entirely cured my malady."—MARY MILLER, 1228 Hancock Street, Brooklyn, N. Y.
